

Car Mate Trailers
are custom built by skilled
and experienced craftsmen from
start to finish in Leeper, PA.

U. S. A. made structural tube frame, formed c channel cross
members & Dexter[®] Torflex[®] torsion axles are standard
equipment for enclosed Custom Cargo trailers.

DEXTER AXLE

A durable utility trailer is assembled and welded.

3 - Application of
high quality PPG
two-component
OEM urethane
finish.

PPG

1 - Frames are cleaned,
phosphatized and dried.

2 - Frames are sprayed with PPG
epoxy ester corrosion resistant primer.

Painted trailer frames are cured
before final assembly.
